

# Wonderful Weather!

**Theme: How the world works**

**Unit of inquiry:** Weather impacts how living things behave and change

We will be following different lines of inquiry to find out about:

- Different types of weather
- How weather can affect what we wear
- Colours associated with weather and how they can make us feel
- How weather and seasons change over time
- How weather can vary around the world – hot and cold places
- Why animals survive in extreme and dangerous environments
